The Class of 2005 is a unique group who are credited for bringing back good old-fashioned Irish spirit to the school halls and athletic fields and courts of St. Vincent-St. Mary High School. When it came to rallying to the needs of others, their high degree of spirit was unmistakable. No class has surpassed this one by consistently, over a four year period, raising more money, supplying more Christmas gifts, and accumulating more canned goods for Campus Ministry programs such as Adopt-A-Family and Harvest for Hunger. In terms of accomplishments, 100% and $4.5 million dollars are impressive numbers. The entire graduation class is going onto places of higher education with 60% of the class taking $4.5 million earned in college scholarships and grants with them. But then our Class of 2005 is a group of people who make an impression!

As the Class of 2005 received their high school diplomas earned in the traditional manner, another recent “graduate” received his honorary diploma 60 years after the time he would have graduated with his class at St. Mary High School. His education was earned in a non-traditional way by today’s standard, but not uncommon for the boys of the ’40’s. Read about it on page 10.

Learn about our students as they transported our imaginations to Siam through the Leprechaun Theatre Guild’s production of The King & I; as they took a virtual trip to NASA where they found themselves aboard the International Space Station thanks to the videoconferencing technology in our new Center for Science & Technology; and as they traveled to places far from Maple Street such as Columbus, OH for academic and athletic state competitions, Washington, D.C., Chicago, IL, Orlando, FL, Quebec, Canada, Puerto Rico, and Russia!

We have been keeping you posted on the exciting changes that are happening to our school and our campus. For many of you, it reflects the fruits of your investment in St. Vincent-St. Mary High School. Read about the newest renovation giving a new look to an old friend, Green St. Stadium and Cistone field, and mark your calendars for some good times planned for this fall.

God Bless,
Jan Henry Bachmann M67

MISSION STATEMENT
In the spirit of the Gospel, we are committed to educate the whole person to lead and to serve: enlightening the mind, developing the body, touching the heart, and inspiring the soul.
BUILDING ON TRADITIONS

NEW HOME FIELD ADVANTAGE

This summer has been filled with a mass of non-stop activity on Green Street. If anyone stopped to gaze too long, they ran the risk of being renovated themselves. Now the dust is settling, the equipment is leaving and the much needed renovations to Green Street Stadium and Cistone Field are nearly complete. These long overdue renovations will greatly enhance the quality of our facility creating a “new home field advantage.” They will provide the opportunity to build on the great traditions that have long been a part of the fabric of the schools from which we have come.

These renovations represent the third major construction project completed as part of our overall five year campaign. The Center for Science and Technology (CST) on the second floor of our existing building was completed last summer as planned. Our existing facility was topped with a new roof. Now this project creates an all new sports field and stadium that can be used and enjoyed by more of our students as well as various community groups and organizations.

The mission of St. Vincent-St. Mary High School speaks of “developing the body” as well as the mind. We want the best for our students so they can thrive mentally and physically. This is another step as we build on our tradition to “educate the whole person.” As our capital campaign continues, we take pride in seeing our beautiful new stadium as an addition to STVM’s physical campus.

This construction project began in May and is being funded entirely by private gifts from our alumni, parents, friends and our local community. The new stadium and field will be in full use for our fall sports season. The improvements also provide greater flexibility in use and scheduling of events and activities at the field. It will have a tremendous impact on the sports program.

We need YOU now! Please invest in the future of STVM today. Help us put the finishing touches on Green Street Stadium and Cistone Field and prepare to continue the improvement and expansion of our dramatic new campus. Join us now as we continue to make the difference for the future of STVM and its students.

HISTORY REPEATS ITSELF

The original Green Street Stadium was dedicated and blessed on Sunday, September 11, 1949. That event was followed by a football game of St. Vincent High School vs. St. Mary High School. Now, all these many years later, we are celebrating our new facilities.

Please join us on September 10 from 4-6 pm as we hold a special mass and field blessing. Bishop Martin J. Amos will preside over the mass, which will be held in Green Street Stadium, right before our home football game against Roger Bacon.

Gifts of Life

The Memory of Carl Bouschere V42 Gives Life to Others

Carl Bouschere loved his alma mater. Three generations of Carl’s family have now attended the school. To continue to honor his memory, two defibrillators were donated to the school by Mary Bouschere, widow of Carl. She and the family wanted to give something that would benefit the school in a broad sense and to honor his doctor, Terry Gordon, who promotes a program in getting defibrillators into schools.

Family members pictured from left to right in front of the defibrillator are Patti Bouschere Molinelli VM79, Sean Steiner VM02, Carly Molinelli VM09, Brian Knight-Athletic Trainer, Kyle Molinelli-future grad, Ryan Molinelli VM07, & Kevin Molinelli-future Irishman.

A Brother’s Generosity

On May 24th, 2005, STVM tennis coach, Steve Buschko donated a kidney to his brother, Tom VM80. Tom, a high school star on the football and baseball fields, had recovered from open heart surgery in 1999, but started experiencing other problems last year diagnosed as glomerulonephritis, a kidney disease that attacks the filtering process. By mid-February, he lost both kidneys and relied on dialysis until arrangements could be made for a transplant. Once found to be compatible, it was never a question of if Steve would donate his own kidney, only a question of when. Both Steve and Tom are doing well and the transplant was a success. The brothers have already become spokespersons for the American Kidney Foundation and have been invited by the American Kidney Foundation to participate in the Transplant Olympics in Colorado next summer.

The moral of the Tom’s story is, “If you think you need to go to the doctor, go! Don’t wait. It may be too late.” The moral of Steve’s story is, “One person can definitely impact another person’s life for the better.”

WHEN IRISH COME MARCHING HOME

The Fighting Irish Band Alumni Reunion will take place at 5:00 p.m. on Friday, October 7, the night of the Homecoming football game. Hold the date, practice your chords, and get ready to march on the new Cistone Field.

ARCHIVES ARE GROWING

If you have extra yearbooks taking up space on your bookshelves, they can find a new home in the alumni office. All Bluebook, Shamrock, and Phoenix yearbooks are welcome. Ditto with the Crusader and Vincentian newspapers of all years and any other memorabilia such as school patches, pennants, pictures, etc. Thanks to all who have already donated to the archives.

As she was presented the Fr. Thomas F. Mahar Outstanding Alumni Award at the 2005 ceremony, Doris Gibson Simonis V48 presented the school with a copy of a book written in 1999 of which she was responsible for editing. The book is a volume of biographies of scientists, inventors, and mathematicians whose contributions have left a global legacy.

Her gift was dedicated to the students and has become part of the St. Vincent- St. Mary library. Doris writes in her dedication, “Dedicated to future teachers, scientists, mathematicians, inventors, and historians from St. Vincent- St. Mary High School and anyone else who enjoys stories about creative people.”

SPECIAL THANKS TO ALUMNA

DEDICATED TO LEARNING

Through a program offered by the University of California, Santa Barbara designed for students who take one year off before attending college, Colleen Murphy studied Marine Biology Research for six weeks in Fiji. Although she was fascinated by the life in the sea, it was the people of Fiji who most impressed her.

From Fiji she moved in February to New Zealand where she worked with intellectually disabled adults for three months and then onto Brisbane, Australia to work at Lone Pine Koala Sanctuary which was home to all varieties of native Australian wildlife.

This year-long journey provided Colleen the opportunity to learn a lot about herself and see parts of the world that she may not have ever seen. She plans to attend the Art Institute of Pittsburgh in the fall to study the culinary arts.

Ohio Catholic School Accrediting Association has once again granted our school Full Accreditation. We have been accredited by OCSAA since the organization’s inception in 1994. As part of the 2005 evaluation, a self study and development of a School Improvement Plan was required. The Commission found the documents produced by St. Vincent- St. Mary High School to be so comprehensive, well-organized, and well designed that they will be used as a model to other schools to assist in their school improvement process. This is a statement of the hard work and effort of the school community and teachers, Pam Godshalk and Grace Gorman V63, who prepared the documents. St. Vincent- St. Mary High School has also been accredited by North Central Commission on Accreditation and School Improvement (NCA) since 1951.

Golfers teed up at noon at Goodpark Golf Course. That evening approximately 50 classmates, spouses and friends enjoyed appetizers and cocktails on the patio at Crockers at Goodpark.

Saturday, July 3, 2004

Classmate Fr. Dan Fickes celebrated Mass at St. Vincent Church. Members of the Class of 1974 presented the gifts at Mass and classmate, Rosemarie France sang Ave Maria.

Our evening continued with a dinner/dance at Silver Lake Country Club. Attendance totaled 96 classmates and spouses. A group picture and individual pictures were available upon request. We enjoyed a fantastic dinner arranged in stations of beef tenderloin, chef-attended pasta, salad and dessert. A DJ entertained, but not nearly as well as Jim Fernella and Jim Thomas who acted as emcee and gave out prizes for Longest Married and Most Children. Tim Gorbach received the “Traveled Farthest” award by coming from California. We also had a trivia contest to see how well our brains could remember things from our Senior year 30 years ago.

We started compiling an e-mail list of classmates for those who are interested in keeping in touch and to assist in planning our future reunions.

The Thanksgiving weekend of November 26 and 27, 2004 marked a historical event for the Class of 1984. The 20th Reunion was a special event as we came together in thanksgiving of our friendship of more than 24 years and longer! The wonderful evening was in celebration of seeing old friends and commiserating about the good old days.

In addition, we came together for a tremendous cause which was to come to the aid of a few of our classmates and families in need. With the recent death of Marjorie Kirk Bombick and another classmate battling MS, the Class of 1984 enjoyed an evening with dinner, dance and a reverse raffle at Emidio’s Party Center. This reunion raised over $3,200 in proceeds for the families. Classmates who had never participated in prior reunions showed up to lend their support and enjoy the evening with old friends. The final ticket was drawn and Susan Yaist Testa and Matthew Testa very graciously donated the $500 winnings back to the families. Thank you!

The casual evening was held at Jillian’s in downtown Akron. It was a fantastic time for those who could not make the Saturday evening event. Cheryl Murphy joined us to discuss the “Share the Vision” campaign and update us on the progress of the school.

A big thank you to the reunion committee: Jim Bird, Shelia Bradley-Neely, Maureen Cochrun-Thune, Germaine “Mamie” Miller-Wilson, Gina Sunday-D’Andrea, Mike Stafford, and Pat “Bubba” Yakubowski.

Remember that 2009 will come sooner than we think, so keep your address and telephone number current with the alumni office so we can locate you to celebrate 25 years. Thank you for your attendance!

Martha Staudt Vetter VM78, president of R/P Marketing Public Relations, was recently introduced as the newest member of Bowling Green State University’s Journalism Hall of Fame at the School of Communication awards ceremony.

“Martha’s local and national reputation as a practitioner and successful business owner made her a clear choice for the Journalism Hall of Fame,” said Terry L. Rentner, Ph.D., chair of the Department of Journalism. “She serves as an outstanding role model to both our students and alumni.”

Vetter earned a bachelor’s degree in Journalism from BGSU with a specialization in public relations in 1982. In 1993, she co-founded Roman + Wilson + Peshoff providing marketing and PR services to a handful of clients. Today, Vetter (formerly Peshoff) is the only original partner and sole owner, and R/P Marketing Public Relations has evolved into a respected enterprise of 25 professionals blending advertising, PR, publicity, promotions and events into cohesive communications to build brands and businesses. R/P is among an elite group ranked in the Top 1% of both U.S. advertising agencies and PR firms, according to PR Week and Ad Age magazines.

The Journalism Hall of Fame is sponsored by the Kappa Tau Alpha, the national journalism honorary society.

Kurt Young VM86 was named an Ohio Super Lawyer (an honor received by earning the top 2.5% of votes from colleagues) by Law and Politics Magazine. He was also elected the president of the Northwest Ohio Claimants Attorneys and was named vice chair of the Ohio Academy of Trial Lawyers Workers’ Compensation Section which also involves a seat on the Board of Directors and a seat on the Executive Committee.

Edward Canterbury VM98 (pictured on the left) has graduated from Ohio Northern School of Law on May 15, 2005 where he gave the commencement speech. He graduated first in his class, Summa Cum Laude with a degree of Doctorate of Jurisprudence.

Anne M. Valeri White, D.O. VM96 has graduated from the Lake Erie College of Osteopathic Medicine on June 12, 2005 in Erie, PA. Anne was enrolled in LECOM’s Independent Study Pathway, a self-paced and self-directed pre-clinical curriculum. She is one of the first graduates to complete this innovative course of study at her school.

Dr. Valeri has returned to Akron as a resident physician in the Family Medicine program at Summa Health System.

Anne is married to Mark P. White (VM94). She is the daughter of Julia Stith Valeri V62 and the late Mario Valeri.
Frederick Smead would have graduated from St. Mary High School with the Class of 1945.

Instead, like so many of his generation, he quit school to join the Navy and fight in World War II. He was an Ordinance Man on a PB4Y-2 Privateer, the Navy's version of a B-24 bomber. During his engagement, he was the only one who volunteered to be the nose turret gunner, manning two 50 caliber machine guns and two 20 mm cannons in a glass bubble in the front of the plane. Fred flew 40 missions from 1943-1945 and earned three air medals and a Distinguished Flying Cross.

After the war, Fred returned to Akron, eventually joined Goodyear Tire & Rubber Co. and worked there until his retirement in 1987. He married Pauline, his late wife of 49 years, and had three children, Gary, Michelle (Graves), and Michael.

Fred recently cut out an article in the Akron Beacon Journal about WWII veterans who are receiving honorary high school diplomas because their high school careers were cut short due to their military service. His son, Gary, contacted the school to see if Fred could receive an honorary diploma from St. Mary’s. On June 16, 2005, at a small ceremony in the Learning Resource Center, Headmaster, Dave Rathz, presented Fred with an honorary high school diploma from St. Vincent-St. Mary High School.

Fred is one of the many men who learned life’s experiences first hand while getting a crash course in geography by traveling to far away lands, learning a foreign language from conversations with the citizens in these countries, studying biology while attending to injured comrades, receiving lessons in psychology from the compassion shared as fellow soldiers died in their arms, and learning history while making it. His diploma was earned and St. Vincent-St. Mary High School is honored to have Fred Smead as an alumnus of our school.

Dear Friends,

As President of the Alumni association for 2005-2006, I am encouraging your support for the Fourth Annual Irish Family Car Raffle. Once again, we are thankful to the Serpentini Family for generously donating a 2006 Chevrolet Cobalt Sedan valued at $19,000!

This year’s raffle will offer ALL alumni the chance to purchase raffle tickets. It only takes one ticket to win. Buying several tickets will increase your chances. In fact, John Hanlon VM89, last year’s grand prize winner, won by purchasing a ticket from a random alumni mailing he received. This year we plan to send mailers to ALL alumni and friends of STVM giving everyone the opportunity to participate.

The raffle will begin November 22, 2005 and it will end on February 21, 2006 when the winning ticket is drawn at the STVM vs. Buchtel basketball game. This is an easy way to support St. Vincent-St. Mary High School and win some great prizes at the same time! Watch your mail for more details.

If you have any questions, feel free to call Joanne Zaratsian, director of fiscal resources, 330-253-9113 ext. 12. May the luck of the Irish be with you.

Sincerely,

Chris Marks V72
Alumni Association President
St. Vincent-St. Mary High School is committed to providing a quality, college preparatory education, rooted in a strong religious foundation, which prepares students for college and beyond. STVM serves a diverse student base that is culturally and socio-economically varied. To continually achieve this objective, tuition must be kept affordable, while at the same time assuring that all aspects of the educational program are well funded. That is why annual contributions are so critical to our school and most importantly, our students. Shamrock Society members play an integral role in the heart and soul of St. Vincent-St. Mary High School.

While our focus remains fixed on these core values, our reach and goals have broadened. On April 30, 2004, we announced a five-year comprehensive capital campaign. Through the campaign, a dramatic new campus will take shape, our investment in the current facility will be protected, tuition assistance will continue to be provided and our endowment will be secured. Our $20 million dollar capital campaign will enable us to build the facilities our students deserve and to maintain the high educational standards from which we all benefit. This is an exciting time for STVM, for our current student body, as well as for future classes. As a part of the St. Vincent-St. Mary family, we know you Share our Vision.

Now, more than ever, support of the Shamrock Society is vital. As you support STVM during the Capital Campaign, you will receive recognition in the Shamrock Society for any gift of $1,000 and above during the year. This special recognition is our way of honoring you for your commitment to STVM. These funds are all included in the Capital Campaign and are essential for the overall Campaign success. The Shamrock Society is our way to recognize your commitment on an annual basis. This year we are pleased to expand our recognition to include those who are also making a long-term investment in STVM through a capital campaign pledge.

We welcome your gift to the Share the Vision Capital Campaign at the Shamrock Society recognition level. We invite you to become a member of the Shamrock Society or to sustain your membership in this group of dedicated and involved donors today.

Recognized for making outstanding contributions to the development and advancement of CYO, Jim Conlon received the highest honor that CYO bestows on an individual, admission to the CYO Hall of Fame.

Jim’s involvement with CYO began with Camp Christopher when he fell in love with the camp after becoming a counselor as a young adult. He has maintained a 20 year relationship with Camp Christopher while also coaching CYO girls’ basketball at St. Hilary and balancing his work and family life. While Jim worked at United Cerebral Palsy, he became interested in special needs children, especially at the camp. He gets great satisfaction from seeing the children with developmental disabilities who have been told could not do certain things, surpass all expectations. He has also been a great supporter of the special education programs at St. Vincent-St. Mary, the Elms, and Annunciation-St. John schools.

Jim lives in Bath with his wife, Renee’ VM74, daughter, Elizabeth VM08, and son, Nick, who attends St. Hilary Elementary School.

On April 3, 2005, St. Vincent-St. Mary High School held its first St. Vincent, St. Mary and St. Vincent-St. Mary High School Football reunion at the Tangier Restaurant. The afternoon was spent sharing countless memories of the recent and not so recent past. Our hosts were Coach Ray Kapper, Coach John Cistone, Frank Stams, Jr., and Bob Meeker. Father Berardi offered the invocation which included his own football memories. Tom Pagna, formerly of Akron, who played and coached at every level of football, was the guest speaker. Lots of stories were shared by all, including the explosion of the laundry, as former players and coaches examined the trophies and memorabilia of our storied history. Gary Johnson of Arcadis, FPS provided a preview of the plans for the new Green Street Stadium and Cistone Field. Many thanks to the reunion committee of John Cistone, Jim Hadley, Tom Hillery, Ray Kapper, Jerry Kelly, Bob Meeker, and Frank Stams, Jr.
SANDY SINGLETON SMITH MEMORIAL SCHOLARSHIP

Sandy Singleton Smith V60 was a school, Church, and community volunteer doing acts of good will at her alma mater, St. Sebastian Church, and with the Christ Child Society. She was the President of the Alumni Association at STVM in 2004-05. Sandy was also the mother of five children, Michele VM84, Marcy VM86, Barry VM88, Bryan VM89, and Brant VM91.

In addition, Sandy worked for 39 years at Lucky Shoes in Fairlawn. Upon her retirement in 2001, Sandy requested that, in lieu of retirement gifts and parties, a scholarship be established in her name at St. Vincent-St. Mary High School. She was able to begin building her scholarship in the school endowment fund with the gifts she received from her retirement. Each year Sandy and her family would add what they could to the growing scholarship.

Sandy passed away in March. She started the scholarship because she loved STVM and valued the education she received and in turn gave to her children. Once again, Sandy made the request that memorials for her funeral be made to the scholarship.

The Sandy Singleton Smith Memorial Scholarship will be an active scholarship for the 2006-07 school year thanks to Sandy’s sacrifice, thoughtfulness, and generosity. It is an example of how a life of a student.

JOAN M. CUTRONE MEMORIAL SCHOLARSHIP

Joan taught Physical Education, Health, Driver Education for 26 years at Kenmore High School. While there, she coached basketball and volleyball. Her volleyball teams won numerous city championships, at one point, 10 consecutive years. She played fast pitch softball for 17 years resulting in an induction into the Akron Softball Hall of Fame in 1988.

This scholarship has been established in honor of her father, Samuel A. Cutrone, who donated many years helping out at Friday night football games for the Fighting Irish and Coach Cistone.

3 ON 3 ALUMNI BASKETBALL TOURNAMENT

Variations of Green and Gold will always be "our" school colors – but this year the Bookstore will follow the trend of college bookstores everywhere and offer merchandise in an awesome array of "fashion" colors, starting with a great selection of colorful tees that simply proclaim "Irish". In addition to hoodies and tees in school colors, we’ll be featuring some in Pink, Chocolate Brown and Black.

Be sure to check the on-line catalog in August and September to view some of this new merchandise! Ladies zip-front hoodies, awesome sports sandals, fashionable track jackets, adorable baby/toddler/kids merchandise and a wide assortment of hoodies with VonDutch lettering (trust us, it’s cool!) are just some of the new items you’ll find in the Bookstore.

If you’re hunting for a St. Vincent-St. Mary #23 Nike Basketball Jersey, you’ll find they are becoming scarce. We’ve secured the last few size Large and XL, as well as 3X and 4X. Nike is replacing this item with a new #9 LeBron James Football Jersey. How cool is that??? We’ll have those for sale in September.

We’ll be re-opening in mid-August, with hours posted on the website, or call 330-253-9113 to check on size availability.

PRESS DAY

STVM had three winners in the Press Day event at Kent 2005. Over 1000 students attended the event. They come from schools all over Ohio—many from the Columbus area. Our winners were Pat Cole for front page design of the Christmas issue, Charlie Able for his hand drawn art work on the December issue, and sophomore Alissa O’Neill for her commentary on sharing the spirit of the holiday season. The paper received an Honorable Mention in overall design.

ROCKETRY TEAM CHALLENGE

For the second year in a row, a team from STVM was chosen for the national Rocketry Team Challenge, the world’s largest model rocket contest, held near Washington D.C. Each team must design, build, and test a model rocket carrying two raw eggs and return the eggs unbroken in exactly 60 seconds. The STVM Rocketry program is sponsored by Pete Piglia V56 of National Machine Company in Stow.

SCIENCE DAY

State Science Day at Ohio State University is the largest event of its kind in all 50 states. It is the pinnacle of student-originated, inquiry-based education. This year 1.5 million dollars in scholarships and special awards will be offered. The Ohio Academy of Science State Science Day Competition was attended by the 16 state finalists from the STVM District Competition.

Thirteen of the sixteen students earned the highest state rating of Superior and three earned state excellent. This earned the team the honor of receiving the Harold C. Shaw Outstanding School Award for 2005. Students who earned highest state rating are Jacqueline Boltik, Grade 10, Ashleigh Galizio, Grade 12, Telisha Galizio, Grade 10, Christine Glendon, Grade 11, Kailey Gotta, Grade 10, Elizabeth Heising, Grade 11, Max Kengott, Grade 10, Kristen Lecerf, Grade 10, Nicole Musgrave, Grade 11, Allison Oborn, Grade 10, Christie Regueiro, Grade 9, Katie Sickels, Grade 10, Donny Sparrow, Grade 12

For the third year in a row, the Fighting Irish Marching Band was asked to participate in the annual St. Patrick’s Day Parade in Cleveland.

At a competition in Chicago, our band took first place in High School Parade Division I, Best Overall Parade, Outstanding Marching and Outstanding Music! Over spring break, our band headed to Florida where they performed at Walt Disney’s Magic Kingdom. Thousands of schools request to perform, but only the very best high school bands are chosen. Hat’s off to the Fighting Irish Marching Band!

St. Vincent-St. Mary High School senior and outstanding artist, Zachary Lane, received the school’s first Art Achievement Award at a recent honors ceremony. STVM presented Lane with an award package for himself and one of his parents, which includes airfare, overnight accommodations and passes to the Art Institute of Chicago and the Chicago Museum of Contemporary Art. Lane will attend the Pittsburgh Institute of Art to major in Game Art and Design next year.

“Zachary is an outstanding Anatomy artist and works exceptionally well with Charcoal.” Rita Lancianese, STVM art teacher continued, “I am so proud of all of our talented artists.”

STVM seniors who have committed to pursue collegiate Visual Arts studies next year competed to earn the St. Vincent-St. Mary High School Art Achievement Award. The student’s work was judged by four graduate students in the Arts from The University of Akron. The artwork was evaluated on the following criteria: Craftsmanship, Creativity, Design and Preparation for Exhibit Showing and Correct Use of Medium.

“We are excited to be able to offer our students the opportunity to win this new award and experience the Chicago art culture firsthand,” stated STVM Headmaster David Rathz. “It is another way to recognize their hard work throughout the year and provides a unique educational experience.”

During the school’s first virtual videoconference, about 60 students visited NASA. They spent time inside NASA as space teams prepared for travel and found themselves aboard the International Space Station, as astronauts worked to improve life on Earth.
Under the guidance of Joanne Wiseman V69, Admissions Director, and with the help of adult supervisors and, Mary Anderson M67, Teacher and Jan Bachmann M67, Alumni Coordinator, approximately 125 hours of service were given by fourteen students and three adults to the Ronald McDonald House located at Akron Children’s Hospital. The Ronald McDonald House is home-away-from-home for families of seriously ill children. The STVM participants help with cleaning, run errands, and stock shelves to assist the staff at the home. Our third year of service is complete and our fourth will soon be under way.

Walking up the bumpy brick pavement with our eyes looking down, we didn’t know what to expect. When Mr. O’Neil finally gave us the OK to look up, we were all in awe. We had been tired before because the last twenty-four hours had been spent in various airports and on planes and buses of Europe and North America. The beautiful colorful domes of St. Basil’s Cathedral basking in the glow of a Russian full moon made those twenty-four hours of travel worth it. That was just the first night of our trip. With each day we were able to see more of some of the most beautiful sites in Moscow and St. Petersburg. Some of these included: Red Square, Lenin’s Mausoleum, the Kremlin, the Armory Museum, Moscow State University, Sparrow Hills, New Maiden Convent, Arbat Street, Church of Christ the Savior, St. Isaac’s Cathedral, St. Peter and Paul Fortress, Church of the Spilled Blood, the Hermitage, and Nevsky Prospect. While there, we also saw a folk dance performance, a traditional Russian circus, and were able to experience the metros (subway) of both Moscow and St. Petersburg. We were also able to interact with students in a magnet school in St. Petersburg.

Those on the trip included: Mr. Bill O’Neil (Head of Russian program at STVM), Mr. Ted Krejsa (Head of Russian program at Kenston High School and former student of Mr. O’Neil), Karen and Jim Mason, Nick Bertele VM03, Mary Ann Bertele VM08, Mamie Williamson VM06, Joey Bologna VM06, Brett Wenneman VM05, Jane Walter VM06, Brendan McKee VM05, Jane Walter, Brendan McKee, Jessica Healy, and Betsy Mason are Russian II students and were students last year in the first Russian class offered at STVM.

All the students enjoyed the trip immensely and found it to be an educational and life-changing experience. Some of the students from the trip are planning to continue their Russian studies beyond high school and can’t wait to return to Russia.
BOYS TENNIS: The team finished with a 17-2 dual meet record and senior, Zach Neumann, advanced to the district tournament. He was the first singles player to do so in over 5 years. It should also be noted that esteemed Coach Steve Buschko donated a kidney, immediately after the season, to his brother Tom (VM 80). Both are doing very well.

TRACK & FIELD: The team of Brendan McKee, Branden King, Tim Millmier and Mike McNeill won a state championship in the 4x800 relay. Sophomore, Michelle Mondozi, also qualified for the state tournament but did not qualify for the finals. Junior, Branden King, finished 5th in the 800M run and senior, Brendan McKee, finished 4th in the 1600M. The boys team finished 7th in the final team rankings.

SOFTBALL: The team finished their season with a heartbreaking loss to Walsh Jesuit in the district finals. (1-0). They had a final record of 16-9. Two of our players earned Division 1 scholarships; Katie Wheeler (CF) to Kent State University and Allyse Ledford (SS) to Youngstown State University. Sophomore, Stacy Spicer, was selected the teams MVP. She recorded 168 strikeouts this season with a season high 17 Ks vs. Firestone. Senior, Katie Wheeler, led the team with a .476 average and had 18 RBIs. She also filled in admirably at Short Stop when senior, Allyse Ledford was injured and missed the majority of the season, including the tournament.

BASEBALL: Team finished 14-11. The brother combination of Ryan (senior) and James (sophomore) Oldfield led the team in batting with averages of .476 & .423. Ryan Oldfield, John Williams and Cory Hanawalt were tied for the team lead in RBI's with 19. Ryan was selected to play in the Northeast Ohio baseball Coaches Association all star game at Jacobs Field in June. The team pitching staff of seniors, Mike Babin, Brandon Dixon, Ryan Oldfield and Dane Schaffer and underclassmen, James Oldfield, Andrew DeStafano, Cory Hanawalt and Matt Degrand combined for a team ERA of 3.03, one of the finest marks in Summit County.

SPRING SPORTS RECAP

Josh Zwisler VM93 lettered three years in football and four years in baseball. He was Co-Captain of the football team his senior year earning MVP-Offense and MVP over-all. As a four-year starter for the baseball team, Josh emerges in the top five players in school history. He earned All-City, All-County, and All-Ohio honors and also earned a baseball scholarship to Bowling Green State University and attended The University of Akron. Josh is the only baseball player in school history to be drafted out of high school as he was selected as a catcher in the 6th round of the 1993 Major League Baseball Draft by the Milwaukee Brewers.
