St. Vincent-St. Mary Policies regarding Formal, Semi-Formal, and Themed Dances

Who can attend

While this dance is primarily for STVM students, school policy permits each STVM student to bring up to one outside guest with him/her. All guests must be properly registered by the STVM invitee on the permission form provided in the Bookstore. School-sponsored dances such as Homecoming, Prom and theme dances are not open to guests who are not enrolled in high school or are not of high school age.

Alcohol Breath Testing

To provide a healthy, safe, and enjoyable atmosphere for all students attending Homecoming 2018, trained STVM personnel will be administering an alcohol breath test (*commonly referred to as a breathalyzer test*) upon entry to this dance to all students and their guests. We also reserve the right to test students during and/or upon leaving the dance upon reasonable suspicion which shall be based upon the following observed behavior, but not limited to: unsteady gait, slurred speech, impaired motor control, flushed face, odor of alcohol or other substance on breath, clothing or person, and/or vomiting. If a student or their guest tests positive, his/her parent(s)/guardian(s) will be contacted and required to pick up their student. We also reserve the right to conduct bag/purse searches as well as searches of any limousines or party buses that may have been used to transport students to the dance. Please refer to the Student-Parent Handbook for extended consequences to this violation.

Proper decorum and modesty are the inspiration and foundation for these guidelines and must be maintained during the entire event.

- Dresses must be formal, appropriately fitting, and modest.
- Hemlines or slits for dresses must be no shorter than 2 inches above the knee.
- Strapless dresses, spaghetti straps and halters are allowed, provided they are not too revealing.

Consequences of Violation

- Students and/or guests who violate these guidelines will not be permitted on the dance floor and may be removed from the dance.
- Parents/guardians will be called to bring appropriate clothing. Once appropriately attired, students and/or guests will be permitted to return to the dance floor.
- Students and/or guests will not be permitted to leave the event and return.
- There are no aspects of the dress code intended to be a hardship or diminish a vibrant Catholic experience for the students.

Ohio Drinking Laws for Parents, Students 18 years and older and Juveniles

The Ohio State Supreme Court has ruled that parents who authorize a party at which minors engage in underage drinking are liable for injuries resulting from accidents in which the minors are involved.

This ruling stems from a New Year's Eve party at the Cordell home given by the minor children of Harry Cordell, Sr. and Linda Cordell. The parents knew that the children "probably would have some beer". For this reason, the parents apparently instructed their children to invite their friends to spend the night. The parents were out of town at the time of the party. A group of teens left the party drunk. An accident occurred and one of the teens was injured. His parents sued the Cordell parents, alleging that they negligently sponsored a party at which minors were allowed to consume alcohol and the Cordell parents should be held liable. The Cordell parents argued that they should not be held liable because they did not furnish the beer consumed by the minors.

On July 11, 1990, the Court rejected their argument stating: ***"A parent will also be held responsible for failure to exercise reasonable control over the child when the parent knows, or should know, that injury to another is a probable consequence." "...When parents know of the child's wrongdoing and consent to it, direct it, or sanction it, they may be held liable."*** It appears that the Court's language would include such other parental conduct as participating in, or acquiescing in, the rental of a hotel suite for a similar party.

ADULT PENALTIES FOR DRIVING UNDER THE INFLUENCE

The laws of the State of Ohio require that the Courts punish all first time offenders with blood alcohol concentration of .08 % with confinement for a minimum period of 72 consecutive hours and a \$300 fine. This alcohol level, for most people, will be exceeded by the consumption of two drinks. The confinement is accompanied by a minimum license suspension of six (6) months.

If you are an adult, but under the age of 21, there is a criminal penalty provided even if your blood alcohol is below .08% as long as it is at least .02% (less than one drink). In such cases, you are subject to a maximum of 30 days confinement, a \$250 fine, and a license suspension of 60 days to 2 years.

JUVENILE PENALTIES FOR DRIVING UNDER THE INFLUENCE

It is the policy of the Juvenile Court of Summit County to impose the following minimum penalty for first time offenders with a blood alcohol concentration of .02%:

- A. A drug and alcohol evaluation assessment, and treatment if indicated;
- B. An 8-hour Defensive Driving Course;
- C. A license suspension of 3 – 6 months, the first of which excludes driving for ANY purpose;
- D. A requirement that you attend Juvenile Court to view a movie concerning the dangers of drunk driving;
- E. \$100 in fines and costs;
- F. 3 days confinement, suspended on the condition that you successfully complete A through E.

ADULT AND JUVENILE PENALTIES

Once a license has been suspended by the court system, adult or juvenile, the State's administrative agency will also suspend your driving privileges until reinstatement fees of \$500 are paid. In addition to the above penalties, your parents' automobile insurance coverage is in jeopardy of cancellation or serious rate increase.

It is easy to perceive, from the State's adoption of this extremely low blood alcohol level, that it is the legislative intent to make any alcohol consumption, accompanied by driving, an unlawful activity for people of all ages.
